Victor Ojewale

victor_ojewale@brown.edu
victorojewale.github.io

Research Interests: LLM and agent evaluation; AI auditing and accountability; abstention in autonomous agents; human–AI decision making; participatory evaluation; AI policy and governance.

EDUCATION

2023–Now **Brown University**, Providence, RI
Ph.D. in Computer Science
Adviser: Suresh Venkatasubramanian

2023–2025 **Brown University**, Providence, RI
M.Sc. in Computer Science

2015–2020 **University of Ibadan**, Oyo, Nigeria
B.Sc. in Computer Science

RESEARCH EXPERIENCE

2023–Now **Brown University**, Center for Technological Responsibility
Graduate Fellow, advised by Suresh Venkatasubramanian
Measurement frameworks and tooling for sociotechnical evaluation of LLMs and LLM-based agents: auditing workflows, abstention competence, and analysis of model behavior in deployment contexts. Evaluation protocols and datasets for robustness, multilingual performance, and reliability-oriented failure modes.

2022–2025 **Mozilla Foundation**, Open Source Audit Tooling (OAT) Project
Research Assistant
Research on AI auditing practice and audit tooling, resulting in two peer-reviewed publications and additional reports. Co-authored public comments to U.S. and E.U. agencies on AI accountability and standards.

2020–2023 **Brown University**, RISE Lab
Research Assistant, working with C. Malik Boykin
Research software and study design for work on user preferences over ML performance metrics and on uncertainty expression in decision-support contexts; participant-facing tutorials, data collection, and analysis.

2020–2023 **SeqHub Analytics LLC**
Data Scientist
Transformer-based document summarization; NLP features for a conversational assistant for educators.

HONORS & AWARDS

2026 OpenMined Research Fellowship

2026 Best Paper Award, RLEval Workshop, ACM CAIS ★

2024 Distinguished Paper Award, IEEE SaTML ★

2024 National Artificial Intelligence Research Resource (NAIRR) Pilot

2020 Winner, Can You Hack the Future Ideathon

2020 Winner, Best Problem Documentation, AI Commons Health Hackathon

2019 Nominated, Computer Science Department Programmer of the Year, University of Ibadan

SELECTED PAPERS

Preprints & Work in Progress

2026 **Audit Trails for Accountability in Large Language Models**
Victor Ojewale, Harini Suresh, Suresh Venkatasubramanian
arXiv preprint

Conference & Journal Publications (Peer-Reviewed)

2026 **The AI Observatory: A Public Measure of Real-World AI Use**
Shayne Longpre, Anka Reuel, Dayeon Ki, Cathy Mengying Fang, Megan Richards, Zhiping Zhang, Chuanyang Jin, Jenn Mickel, Cedric Deslandes Whitney, Ahmet Üstün, Niloofar Mireshghallah, **Victor Ojewale**, Ariel Lee, Alex (Sandy) Pentland, Tianshi Li, Yuntian Deng, Mykel Kochenderfer, Sara Hooker, Sanmi Koyejo
NeurIPS Evaluations and Datasets Track

Designing for Doubt: The Case for Informed Abstention in Autonomous Agents
Victor Ojewale, Suresh Venkatasubramanian
AAAI/ACM Conference on AI, Ethics, and Society (AIES)

MonitrLLM: A Community-Centered Evaluation Infrastructure for Large Language Models
Victor Ojewale, Ro Encarnación, Suresh Venkatasubramanian, Danaë Metaxa
AAAI/ACM Conference on AI, Ethics, and Society (AIES)

Multilingual Functional Evaluation for Large Language Models
Victor Ojewale, Inioluwa Deborah Raji, Suresh Venkatasubramanian
Findings of the Association for Computational Linguistics (ACL)

More Is Not Better: Visual Uncertainty Cues and the Fragility of Trust Calibration in LLM-Assisted Decision Making
Victor Ojewale, Julia Ryan, Suresh Venkatasubramanian, C. Malik Boykin
Computers in Human Behavior: Artificial Humans

2025 **Towards AI Accountability Infrastructure: Gaps and Opportunities in AI Audit Tooling**
Victor Ojewale, Ryan Steed, Briana Vecchione, Abeba Birhane, Inioluwa Deb Raji
ACM Conference on Human Factors in Computing Systems (CHI)
Cited in the 2026 AI Action Summit International AI Safety Report

2024 **AI Auditing: The Broken Bus on the Road to AI Accountability**
Abeba Birhane, Ryan Steed, **Victor Ojewale**, Briana Vecchione, Inioluwa Deb Raji
IEEE Conference on Secure and Trustworthy Machine Learning (SaTML)
Distinguished Paper Award ★

Workshop Papers & Extended Abstracts (Lightly Peer-Reviewed)

2026 **What Benchmarks Don't Measure: The Case for Evaluating Abstention Competence in Autonomous Agents**
Victor Ojewale, Suresh Venkatasubramanian
RLEval Workshop, ACM CAIS **Best Paper Award** ★

Beyond Static Leaderboards: A Roadmap to Naturalistic, Functional Evaluation of LLMs
Victor Ojewale, Suresh Venkatasubramanian
Workshop on Language Models for Underserved Communities (LM4UC), AAAI

2025 **Testing LLMs in a Sandbox Isn't Responsible. Focusing on Community Uses and Needs Is.**
Michelle L. Ding, Jo Kavishe, **Victor Ojewale**, Suresh Venkatasubramanian
Workshop on Socially Responsible Language Modelling Research (SoLaR), COLM
Opinion abstract

Public Comments & Regulatory Filings

2024 **Comment on NIST-2023-0309**
Inioluwa Deb Raji, Abeba Birhane, Briana Vecchione, Ryan Steed, **Victor Ojewale**
Request for Information (RFI) Related to NIST's Assignments Under Sections 4.1, 4.5 and 11 of the Executive Order Concerning Artificial Intelligence, National Institute of Standards and Technology, February 2

2023 **Comment on NTIA-2023-0005**
Inioluwa Deb Raji, Briana Vecchione, Abeba Birhane, Ryan Steed, **Victor Ojewale**
National Telecommunications and Information Administration, June 15
Cited in the NTIA AI Accountability Policy Report

Feedback from the Mozilla Open Source Audit Tooling Project
Inioluwa Deb Raji, Briana Vecchione, Abeba Birhane, Ryan Steed, **Victor Ojewale**
Delegated Regulation on Data Access Provided for in the Digital Services Act (F3423931), European Commission, May 31

INVITED TALKS

2026 **Grounded LLM Evaluations**
Bryant University, MSDS 640 Data Science and AI Capstone

2025 **Technical AI Governance in Practice: What Tools Miss, and Where We Go Next**
Workshop on Technical AI Governance, ICML *Keynote*

Towards AI Accountability Infrastructure: Gaps and Opportunities in AI Audit Tooling
Ohio Data Ethics Working Group, Ohio State University

2024 **Grounded LLM Evaluations**
Brown University, CSCI 1951-Z Fairness in Automated Decision Making

NorthEast HCI Meeting

2023 **Navigating the Open-Source Algorithm Audit Tooling Landscape**
MozFest *Panel, co-facilitated with Abeba Birhane*

SERVICE

Organizing Committee

2025 Socials Co-Chair, ACM Conference on Fairness, Accountability, and Transparency

Program Committee & Reviewing

2026 AAAI/ACM Conference on AI, Ethics, and Society (AIES)
NeurIPS

2025 AAAI/ACM Conference on AI, Ethics, and Society (AIES)
International Conference on Computational Linguistics (COLING)
Regulatable ML Workshop, NeurIPS

2024 Regulatable ML Workshop, NeurIPS
EvalEval Workshop, NeurIPS
